

Osborne Park Hospital

Registered Nurse Graduate Program

Osborne Park Hospital (OPH) is a fully accredited secondary hospital providing comprehensive specialist health services for the northern metropolitan suburbs. OPH was the first Australian health care site to receive Pathway to Excellence designation which recognises nursing excellence and a positive practice environment for nurses and midwives.

It is part of the Sir Charles Gairdner Osborne Park Health Care Group (SCGOPHCG) within the North Metropolitan Health Service. Visit OPH Website for graduate information at:
www.oph.health.wa.gov.au/JobVacancies/GNP.html

Our Vision

SCGOPHCG Exceptional care from dedicated people

Our Motto

We put patients first

Our Values

Care, Respect, Innovation, Teamwork, Integrity

About Osborne Park Hospital

Osborne Park Hospital has specialist services including: Rehabilitation and sub-acute services for younger and older adults, general medicine, theatres, elective general and specialist surgery, endoscopy and day procedure unit, as well as obstetric and gynaecological services on site.

Osborne Park Hospital is easily accessible from the Mitchell Freeway and only 13 kilometres from Perth CBD. There are good transport networks around the hospital and free parking is available to staff and visitors.

Why choose Osborne Park Hospital Graduate Nurse Program?

Graduate Registered Nurses at Osborne Park Hospital are given the opportunity to optimise their personal growth and consolidate their professional practice and development in a welcoming and supportive environment. This enables smooth transition from student nurse to practicing Registered Nurse.

Each clinical area has a designated Staff Development Nurse to support new graduates.

The innovative and dynamic practice rotations offered as part of the program provide graduate nurses with unlimited opportunities for professional advancement in a variety of areas.

OPH program options include: 1 year Theatre only or 2 x 6 month rotations and may include:

- Surgical Ward and Day Procedure Unit.
- Procedure Room Endoscopy.
- Rehabilitation Aged Care (RAC) Wards 3, 4 and 5 with younger adults on Ward 4.
- Optional 1 week practice in Midwifery (all RN programs)

Theatre:

- Peri and post-surgical care
- Scout and scrub nurse role
- Recovery

Graduate program inclusions:

- Two weeks supernumerary time is provided for hospital induction and orientation on commencement of the program. (Pro rata)
- Monthly graduate network / education sessions for peer support, clinical and professional development.
- 2 x Professional Development Courses. Rehabilitation course and Diabetes back to basics.
- Supernumerary clinical practice at the commencement of each new rotation.
- Annual leave negotiated at start of program.
- Fixed term contract for 12 months.

All graduates who complete their program at Osborne Park Hospital are welcome to apply for further employment if positions become available towards completion of the program via the www.jobs.wa.gov.au website.

Graduate intakes

- Osborne Park Hospital (OPH) recruits graduate nurses via the Graduate Nurse Connect (GNC) application process only. Website: www.gnc.health.wa.gov.au
- OPH recruitment takes place once a year, (mid-year) via GNC for both intakes of the following year commencing in February and August.
